The Landing at Williamsburg Village

Upscale living.

With an impressive art gallery featuring rotating exhibits, an active wine club and the former chef from the local country club preparing your meals, the level of effortless sophistication is evident the moment you walk on campus.

Nestled in an upscale neighborhood, The Landing is designed to offer elegance and warmth. Enjoy the indoor pool. Stroll through the beautifully landscaped gardens as well as lakeside walking paths. Keep in touch with everything in the state-of-the-art computer lab. It's all a part of the unique lifestyle this community has to offer.

The residents make these seemingly exclusive amenities feel completely inclusive and welcoming. Knowledgeable and worldly, each one acts like an ambassador or host who will put any visitor or new resident immediately at ease. And in turn, the country club atmosphere easily becomes a club of your own.

"There's no place like this. Fabulous meals, like going to a restaurant every day. Opportunities for exercise. Entertainment opportunities for games and such. Great library, the friendliest staff and residents you can imagine."

Bonnie, The Landing resident
